

Digitally transform your bank branch network with the CORTIX™ platform

Reduce your energy spend and increase your margins by improving energy efficiency across your branches, offices, ATM networks and data centers. Utilize your data effectively, to not only save energy costs but also achieve significant business objectives.

Opt For Our Solutions For Banks And Get The Following Benefits:

Improved Energy Efficiency

Improved Equipment Efficiency

Enhanced Occupant Comfort

Improved Occupant Safety

Proactive Maintenance Management

Reduced Equipment Downtime

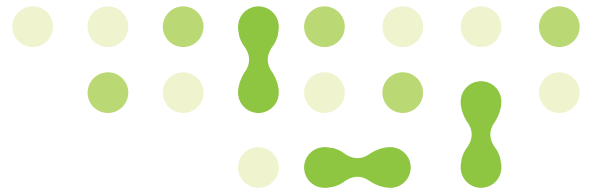

Enhanced Equipment Life

Optimized Utility Procurement

CORTIX™, the scalable, product-agnostic Building IoT platform integrates your entire connected energy infrastructure. The AI-enabled platform generates intelligent, actionable insights by collating, contextualizing and analyzing your IoT data from your building automation system and business data. These insights are utilized by our 24/7 Command Center to generate strategies and carry out actions to achieve your key business goals.
